(12) The Senior Surgeon & the local bodies who have contributed towards the construction of Quarters for midwives, consider that no rent should be charged. Further the amount of rent recovered is very small. While though the proposal to exempt the poorly paid midwives from payment of rent does not involve much loss to Govt, it is likely to be much appreciated by the midwives. Moreover ~~the Small loss~~ ~~incurred~~ the greater proportion of the insignificant loss of income can not be considered to affect the State revenue, Though the rent is now fully credited to State ~~Revenue~~ Funds

Sir,

I have the honor to state that on the representation of Saramma Midwife working in Chikmagalur Town that she has to pay a house rent of Rs.2/- per mensem from the small pay she gets, for the house in Sagampura Hatti, which the Vice President, Chikmagalur has permitted her to occupy, a reference was made to the President, Municipal and District Boards, Kadur District recommending that the Midwife may either be provided with free quarters or granted a suitable house rent and the President has in reply communicated the resolution of the Municipal Council in the matter copy herein enclosed, to the effect that the Midwife be exempted from paying house rent.

I have the honor to forward herewith 2 applications from Midwife Sramma attached to Chikmagalur Municipality for favourable consideration. She gets a pay of Rs.15/- and an allowance of Rs.3/- per mensem. She is doing immensely good work in the Municipality and also out of the municipal limits. She is also helping in the Dispensary in looking after the in-patients. In consideration of her poor pay and allowance, I think it is beyond her means to pay a house rent of Rs.2/- per mensem to the Public Works Department. I request therefore the favour of your kindly excusing her from paying the house rent or arranging it to be paid out of the Municipal and District Funds in consideration of her good work. It is also requested that P.W. Department may kindly be addressed for the repair of the building, before the monsoon sets in.
